Sinners in Church

If the Pharisee had his way the Tax-Collector would not have been allowed into the Temple at all. Some people believe that sinners should never go to church.

They cry 'hypocrites' at those who do.

According to them

only saints should be admitted to church.

But that would result in a very small church,

And would make as little sense

as a repair shop that accepted only sound things, or a hospital that accepted only healthy people.

We go to church

not because we are worthy,

But because we need to.

We are brave enough

to admit our sinfulness,

But are willing

to strive for something better.

We need the healing mercy of God,

As well as the support of the community,

If our efforts

at self-improvement are to bear fruit.
